

S⁺FTNYXTM

WATER CONDITIONER

POWER ELECTRO MAGNETIC WITH "German Technology"

(Convertor of Water from impurity into purity in just 1 conditioner)

"Soft Water Safe Health"

HARD WATER

- ◆ Rainwater collects, impurities as it falls from the atmosphere one of these impurities is atmospheric carbon dioxide, which is a weak acid. Hence the ground water is mildly acidic in nature.
- ◆ ("Water+Carbondioxide=Carbonicacid") ($H_2O + CO_2 = H_2CO_2$). This reaction causes the water to turn acidic and its also responsible for the formation of hard water.
- ◆ Calcium and magnesium ions react with this water and forms hard water.
- ◆ These minerals get blocked in pipes, washing machine, home appliance, industrial sectors, agriculture pumps, industrial cooling towers etc. And damage them.

WHY SOFTNYX WATER CONDITIONER DESIGN ?

- ◆ The main motive of the SOFTNYX water conditioner is to convert hard water into soft water by removing calcium and magnesium carbonates, bicarbonates and sulfates from water this protects the industrial plumbing and pipe line system of residential & commercial industries.

("Anti scaling, Rusting, Algae")

No Maintenance

No Chemical

No Salts

Long Life

No Water Wastage

No Corrosion

Fit & Forget

Eco Friendly

POWER GOLD

POWER SILVER

POWER MATRIX

Advantages of SOFTYNX water conditioner in all sectors.

Human life cycle

- ◆ Improve skin glow.
- ◆ Improves better hair texture.
- ◆ Increase the life of clothes.
- ◆ Decrease colour fading of clothes.
- ◆ Improve the life of linens.
- ◆ No water disease.

Agriculture & farming sector

- ◆ Improving seeds and plant growth.
- ◆ Improving the soil quality.
- ◆ Improving crop production & quality.
- ◆ Grows healthy and organic plants.
- ◆ No blockage of water pump system.
- ◆ Improves bones formation & accelerates growth in poultry farm.
- ◆ Better survival & growth rate of fishes.
- ◆ High result of pesticides decrease falling dry leaves.
- ◆ Improving the health of the animals increases fat, milk, protein.

Domestic & Building Sector

- ◆ Increasing your plumbing's life span.
- ◆ Keeps your appliances healthy.
- ◆ Less Stain on flooring tiles.
- ◆ No more lime scale in taps.
- ◆ Low maintenance in (Tap, Shower, Marbles, Washing Machine, RO Unit, Bathroom tub, Water Heater, Kitchens, glass, Swimming Pool.)

Industrial sector

- ◆ Improving high efficiency.
- ◆ No blockage in water pipe line & chemical pipeline.
- ◆ No more corrosion.
- ◆ Increase efficiency construction cycle & capital cycle of the equipment.
- ◆ Low maintenance in (Pipe line, Boiler, Cooling tower, Liquid machinery system, Water filtration plant.)

WE PROVIDE FREE WATER LABORATORY TESTING

H. D. ELECTRONICS

Manufacturing & Marketing

AB-11, Nishat Complex Opp Theosophical Society,
Nagarwada Main Road, Vadodara - 390 001. (Gujarat)
